INDEPENDENT AUDITORS' REPORT

Chairman and Members
Of the Board of Commissioners
County of Chippewa, Michigan
Sault Ste. Marie, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and aggregate remaining fund information, of the County of Chippewa, Michigan, as of and for the year ended December 31, 2004, which collectively comprise the County's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Chippewa, Michigan as of December 31, 2004, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Honorable Chairman and Members of the Board of Commissioners County of Chippewa, Michigan Page 2

In accordance with Government Auditing Standards, we have also issued our report dated February 18, 2005, on our consideration of the County of Chippewa, Michigan's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis has not been presented which accounting principles generally accepted in the United State of America have determined is necessary to supplement, although not required to be part of the basic financial statements.

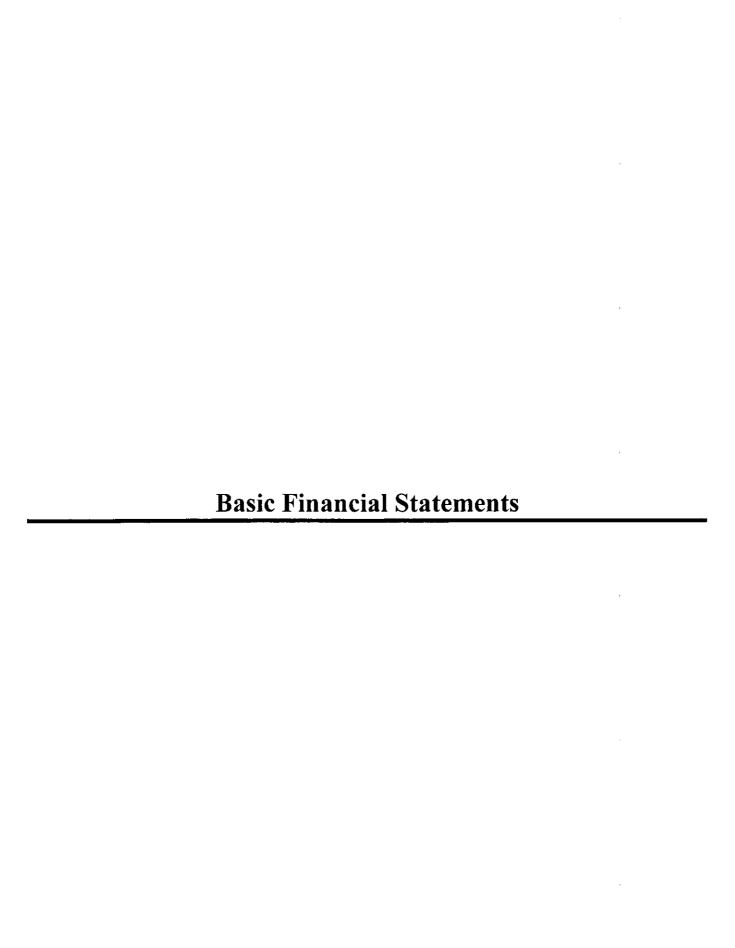

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Chippewa, Michigan basic financial statements. The combining and individual major and nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual major and nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The additional information regarding the Municipal Securities Disclosure Requirements of the Securities Exchange Commission (SEC) Rule 15c2-12 are presented for purposes of additional analysis and are not a required part of the basic financial statements of the County. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis and is not a required part of the basic financial statements of the County of Chippewa, Michigan. Such information, except for that portion marked "unaudited," on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2004

Net Changes in fund balances - total governmental funds

\$ 1,992,459

The change in net assets reported for governmental activities in the statement of activities is different because:

Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is capitalized and the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$172,796) did not exceed depreciation (\$555,686) in the current period and book value.

(382,890)

Repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net assets.

Principal repayments:

Bond & Notes Payable	696,500
Capital lease	30,176
ease proceeds recognized as other financing sources	
but not for full accrual basis	(51,022)

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This adjustment combines the following net changes:

Compensated absences	112,595
Recognition of taxes received for 2004 levy year for prior year	(1,865,569)
Internal service fund activity	(1,666)
Recognition of other long-term liability	95,538
Changes in net assets of governmental activities	\$ 626,121

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County of Chippewa, Michigan, conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The following is a summary of the significant accounting policies used by the County:

A – Reporting Entity:

Financial Reporting Entity

The County of Chippewa was incorporated under the laws of the State of Michigan in 1877 and operates under an elected Commission form of government. As required by U.S. generally accepted accounting principles, the financial statements of the reporting entity include those of the County of Chippewa (primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County.

Component Units:

In conformity with U.S. generally accepted accounting principles, the financial statements of component units have been included in the financial reporting entity either as blended component units or as discretely presented component units.

Blended Component Units

<u>Chippewa County Building Authority</u> – The Authority is an entity legally separate from the County. The Authority is governed by a board, appointed by the Commission and is reported as if it were part of the County's operations because its primary purpose is the procurement and management of debt financing for the County.

<u>Chippewa County Health Department</u> – The members of the governing body of the Chippewa County Health Department are appointed by the County Commission. The Health Department provides limited health services to residents of Chippewa County. The Chippewa County Health Department is a Special Revenue fund of the County of Chippewa, Michigan, and is presented on its fiscal year end, September 30, 2004.

Discretely Presented Component Units

The component units' columns in the financial statements include the financial data of the County's two other component units. These units are reported in separate columns to emphasize that they are legally separate from the County.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Chippewa County Road Commission</u> – The members of the governing board of the Road Commission are appointed by the County Commission. Although the County does not have the authority to approve or modify the Road Commission's operational and capital budgets, travel, and per diem rates, bonded debt must be approved by the County Commission.

<u>Chippewa County Economic Development Corporation</u> – The members of the governing board are jointly appointed by the County and other governmental units. The Corporation's capital budgets are subject to approval of the County Commission. The county generally is liable for disallowed grant expenditures as well.

<u>Condensed Financial Statements</u> – The combining financial statements present condensed financial statements of each of the two discretely presented component units. Complete financial statements of the individual component units can be obtained directly form their administrative offices.

Discretely Presented Component Units Administrative Offices:

Chippewa County Road Commission 3949 S. Mackinac Trail Sault Ste. Marie, MI 49783

Chippewa County Economic Development Corporation 119 Cully Road, Bldg. 119 Kincheloe, MI 49788

Blended Component Unit Administrative Offices:

Chippewa County Health Department 508 Ashmun, Suite 120 Sault Ste. Marie, MI 49783

Multi-County Agency

The County participates jointly in the operation of the Hiawatha Behavioral Health Authority with Mackinac and Schoolcraft Counties. All financial operations of the Authority are recorded in Schoolcraft County. The funding formula requires the County to provide approximately 60% of the budget appropriation requirement, which amounted to \$194,868 for the year ended December 31, 2004.

The County participates jointly in the operation of the Luce-Chippewa County Family Independence Agency (a special revenue fund of Chippewa County). All financial operations of the Agency are recorded in Chippewa County.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Jointly Organized Unit

The Chippewa County – Sault Ste. Marie Joint Building Authority, an entity legally separated from the County, is governed by a four-member board appointed by the City and County Commissions. For financial reporting purposes, the Authority is reported as a separate unit because its purpose is to finance and maintain joint building operations. The Authority operates on an August 31 fiscal year. The County remitted payments during 2004 in the amount of \$101,339.

B - Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C - Measurement Focus, Basis of Accounting and Financial Statement Presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

<u>Taxes Receivable – Current or Property Taxes</u>

The County of Chippewa property tax is levied on each December 1st on the taxable valuation of property (as defined by State statutes) located in the County of Chippewa as of the preceding December 31st.

Although the County of Chippewa 2004 ad valorem tax is levied and collectible on December 1, 2004 it is the County of Chippewa's policy to recognize revenue from the current tax levy in the subsequent year or the current year when the proceeds of this levy are budgeted and made "available" for the financing of operations. "Available" means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period (60 days).

The 2004 taxable valuation of the County of Chippewa totaled \$802,649,760, on which ad valorem taxes levied consisted of 6.0373 mills for the County operating, 0.4213 mills for fire/ambulance services, 0.9779 mills for roads, 0.4908 mills for recycling, 0.6000 mills for debt service, raising \$4,845,837 for operating, \$378,289 for fire/ambulance services, \$393,941 for roads, \$580,717 for recycling, and \$481,590 for debt service.

The County reports the following major governmental funds:

General Fund

This is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Health Department

This Fund accounts for health services and related grant funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Sharing Reserve

This Fund accounts for restricted funds that are limited to amounts previously reported as state revenue sharing distributed annually, which can be used to fund governmental operations.

The county reports the following major proprietary fund:

Tax Collection Fund

This fund accounts for property tax administration within the county.

Additionally, the County reports the following fund types:

Internal Service Fund

This fund accounts for central purchases as provider to other departments of the government on a cost reimbursement basis.

Agency Funds

Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do no involve measurement of results of operations.

All other revenue items are considered to be available only when cash is received by the government.

Private-sector standards of accounting issued prior to December 1, 1989 are generally followed in both the government-wide proprietary fund financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board. The government has elected not to follow private-sector standards issued after November 30, 1989 for its business-type activities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's tax collection function and various other functions of the government. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Amounts reported as program revenue include: (1) charges to customers or applicants for goods, services or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all taxes.

Proprietary funds distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the proprietary funds relate to charges to customers for tax collections. Operating expenses for proprietary funds include the cost of sales and services, and administrative expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

D - Assets, Liabilities, and Net Assets or Equity

Bank Deposits and Investments – Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value. Pooled investment income from all funds is generally allocated to each fund based on the average cash balance. Deposits are recorded at cost.

Receivables and Payables – In general, outstanding balances between funds are reported as "due to/from other funds." Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "advances to/from other funds. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown as net of allowance for uncollectible amounts. Property taxes are levied on each December 1st on the taxable valuation of property as of the preceding December 31st. Taxes are considered delinquent on March 1st of the following year, at which time penalties and interest are assessed.

<u>Inventories and Prepaids Items</u> – Inventories are valued at the lower of cost or market using the average cost method for proprietary fund types. Inventories of governmental funds recorded as expenditures when consumed rather than when purchased. Inventories consist primarily of paper and office supplies. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both governmental-wide and fund financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Capital Assets</u> – Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Property, plant and equipment is depreciated using the straight-line method over the following useful lives:

Buildings	40 to 60 years
Building Improvements	15 to 30 years
Roads and Bridges	10 to 30 years
Vehicles	3 to 5 years
Office Equipment	5 to 7 years
Computer Equipment	3 to 7 years

<u>Compensated Absences (Vacation and Sick Leave)</u> – It is the County of Chippewa's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. All sick pay is accrued when incurred in the government-wide financial statements for employees with three years or more of service with the County of Chippewa. All vacation pay is accrued when incurred in the government-wide financial statements.

Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. In accordance with Statement of Financial Accounting Standards 43, no liability is recorded for nonvesting accumulating rights to receive sick-pay benefits. However, a liability is recognized or that portion of accumulating sick-leave benefits that is estimated will be taken as "terminal leave" prior to retirement.

<u>Long-Term Obligations</u> – In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

<u>Fund Equity</u> – In the fund financial statements governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

<u>Deferred Revenues</u> – Deferred revenues are those where asset recognition criteria have been met, but for which revenue recognition criteria have not.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Interfund Transfers</u> – During the course of normal operations, the County has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as operating transfers. The classification of amounts recorded as subsidies, advances, or equity contributions is determined by County management.

<u>Use of Estimates</u> – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

<u>Budgetary Information</u> – Annual budgets are adopted on a basis consistent with U.S. generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year end.

<u>Budgets and Budgetary Control</u> – The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The County Board of Commissioners reviews a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Numerous opportunities exist for public comment during the budget process including formal public hearings conducted at the Courthouse to obtain taxpayer comment.
- c. Pursuant to statute, prior to December 31 of each year, the budget for the ensuing year is legally enacted through adoption of an Annual General Appropriations Act.
- d. The general statute governing County budgetary activity is the State of Michigan Uniform Budgeting and Accounting Act. In addition to the provisions of said Act and Board policy, general statements concerning the Board's intent regarding the administration of each year's budget are set out in the Annual General Appropriations Act. The Chippewa County Board of Commissioners, through policy action, specifically directs the Controller not to authorize or participate in any expenditure of funds except as authorized by the Annual General Appropriations Act. The Board recognized that, in addition to possible Board sanctions for willful disregard of this policy, State statutes provide for civil liability for violations of the Annual General Appropriations Act.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

- e. Supplemental appropriations are submitted to and reviewed and submitted to the Finance Committee for further consideration. If approved, they are transmitted to the County Board of Commissioners for their review and approval. If approved, they are implemented by the Controller's office through a budget revision.
- f. The County of Chippewa adopts its Annual Budget on a departmental basis. At each level of detail, governmental operations are summarized into expenditure account groups. Funding sources are also identified and adopted at each level of detail. Budgetary control exists at the most detailed level adopted by the Board of Commissioners, i.e., department for analytical purposes. A detailed line item breakdown is prepared for each program. Accounting, i.e., classification control, resides at the line item detail level.
- g. Budgets were adopted in substance on the modified accrual basis which is consistent with U.S. generally accepted accounting principles. Budgeted amounts reported in the financial statements are as amended by the County Board of Commissioners which was materially the same as originally adopted.
- h. General Fund budgeted appropriations to other County departments/budgetary units unexpended at the end of the current fiscal operating year revert to the County General Fund and all budgets lapse at year end.

Michigan Public Act 621 of 1978 (the Budgeting Act) requires that budgets be adopted for Governmental Funds. U.S. generally accepted accounting principals require that the financial statements present budgetary comparisons for the Governmental Fund Types for which budgets were legally adopted. The original budget adopted for the General fund was modified throughout the year through various budget amendments.

The budget document presents information by fund, function, department and line items. The legal level of budgetary control adopted by the governing body is the department level.

Excess of Expenditures Over Appropriations in Budgeted Funds – During the year, the County incurred expenditures in the General and Special Revenue Funds which were in excess of the amount appropriated, as listed in the Schedule of Findings and Questioned Costs as item 04-4.

NOTE 3 - DEPOSITS AND INVESTMENTS

At year-end, the County's deposits and investments were reported in the basic financial statements in the following categories:

	Governmental Activities	Business-Type Activities	Fiduciary Funds	Total Primary Government	Component Units
Cash and Cash Equivalents -Unrestricted -Restricted	\$ 2,899,122 290,495		\$ 2,024,447	\$ 11,845,597 290,495	\$ 1,617,965 474,608
Total	\$ 3,189,617	\$ 6,922,028	<u>\$ 2,024,447</u>	\$ 12,136,092	\$ 2,092,573

The Breakdown between deposits and investments is as follows:

	Primary Government			Component Units
Bank Deposits (checking and savings accounts, certificates of deposit) Investment in Securities, Mutual	\$	12,060,393	\$	2,062,932
Funds and Similar Vehicles Petty Cash and Cash on Hand		72,619 3,080		29,011 630
Total	<u>\$</u>	12,136,092	<u>\$</u>	2,092,573

The bank balance of the primary government's deposits is \$12,089,279, of which \$413,273 is covered by federal depository insurance. The component units' deposits had a bank balance of \$2,227,891, of which \$334,783 was covered by federal depository insurance.

Statutory Authority:

Michigan Law (Public Act 20 of 1943 as amended) authorizes the County to deposit and invest in one or more of the following:

- a. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States
- b. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution that is eligible to be a depository of funds belonging to the State under a law or rule of this State or the United States.

NOTE 3 - DEPOSITS AND INVESTMENTS (Continued)

- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures not more than 270 days after the date of purchase.
- d. Repurchase agreements consisting of instruments listed in a.
- e. Banker's acceptance of United States banks.
- f. Obligations of this State or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- g. Mutual funds registered under the investment company act of 1940, Title I of Chapter 686, 54 Stat. 789, 15 U.S.C. 80a-1 to 80a-3 and 80a-4 to 80a-64, with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- h. Obligation described in a. through g. if purchased through an interlocal agreement under the urban cooperations act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.
- i. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, 129.111 to 129.118.
- j. The investment pools organized under the local government investment pool act, 1985 PA 121, MCL 129.141 to 129.150.

Investments are categorized into these three categories of credit risk:

- 1. Insured or registered, or securities held by the County or its agent in the government's name;
- 2. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the government's name; and
- 3. Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the County's name.

NOTE 3 - DEPOSITS AND INVESTMENTS (Continued)

At year-end, the government's investment balances were categorized as follow:

	_		C	ategory				eported Amount
	1			2		3		ir Value)
Primary Government:								
Repurchase Agreements	\$	_	<u>\$</u>	72,619	<u>\$</u>		 <u>\$</u>	72,619
Total Primary Government	\$	_	<u>\$</u>	72,619	<u>\$</u>			72,619
Component Units: Investments Not Subject to Categorization:								
Mutual Funds								29,011
Total							<u>\$</u>	101,630

The County's deposits and investment policy are in accordance with statutory authority.

NOTE 4 - RECEIVABLES

Receivables as of year-end for the government's individual major and nonmajor funds, and the internal service and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

		General Fund	-	Revenue Reserve	 Health Department		Non-Major and Other Funds	Total
Taxes Receivable	\$	3,230,558	\$	1,615,279	\$ -	\$	1,337,255	\$ 6,183,092
Accounts		243		-	685,870		80,618	766,731
Due from Government								
Units		250,066		-	208,744		276,759	735,569
Interest and Other								
Receivables		54,443	-	<u> </u>	 -		9,768	 64,211
Net Receivables	<u>\$</u>	3,535,310	<u>\$</u>	1,615,279	\$ 894,614	<u>\$</u>	1,704,400	\$ 7,749,603

NOTE 5 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2004, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$ 374,020	\$	\$ (144,400)	\$ 229,620
Capital assets being depreciated:				
Land improvements	_	209,400	-	209,400
Buildings & improvements	15,610,216	-	(65,000)	15,545,216
Furniture & equipment	920,614	137,289	-	1,057,903
Vehicles	644,380	71,249	(105,949)	609,680
Subtotal	<u>17,175,210</u>	417,938	(170,949)	17,422,199
Less accumulated depreciation Net Capital Assets Being	(9,324,917)	(555,686)	2,264,558	(7,616,045)
Depreciated Governmental Activity Capital Assets, Net	7,850,293	(137,748)	2,093,609	9,806,154
of Depreciation	<u>\$ 8,224,313</u>	<u>\$ (137,748)</u>	<u>\$ 1,949,209</u>	\$ 10,035,774

Depreciation expense was charged to programs of the primary government as follows:

Governmental Activities	
Health & Welfare	\$ 31,676
Unallocated	524,010
Total Governmental Activities	\$ 555.686

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The County of Chippewa reports interfund balances between many of its funds. Some of the balances are considered immaterial and are aggregated into a single column or row. The total of all balances agrees with the sum of interfund balances presented in the statements of net assets/balance sheet for governmental funds, proprietary funds, and fiduciary funds. Interfund transactions resulting in interfund Receivables and Payable are as follows:

	DUE TO OTHER FUNDS										
ROM			General Fund	_ <u>Co</u>	Tax llections		All Others		mponent Units		Totals
DUE E	General Fund Tax Collections	\$		\$	53,734	\$	252,038 9,991	\$	-	\$	252,038 63,725
	All Others	— —	7,111		52.724		455,686		92,901		555,698
	Total	<u> </u>	7,111	<u> </u>	53,734	7	/1/,/13	<u>»</u>	92,901	2	<u>871,461</u>

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Continued)

All balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

				TRANSFERS TO	ur.	
RS FROM		General Fund	Health Dept.	Non- Major Governmental	All Others	Total
NSEE	General Fund Non-Major	\$ -	\$ 151,400	\$ 1,046,760	\$ -	\$ 1,198,160
TRA	Governmental All Other	180,158		- -	3,200,000	180,158 3,200,000
To	Total	\$ 180,158	<u>\$ 151,400</u>	<u>\$ 1,046,760</u>	\$ 3,200,000	<u>\$ 4,578,318</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) moves receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 7 - LEASES

<u>Capital Leases</u> – The Health Department and EDC has entered into lease agreements as lessee for financing the purchase of computers and equipment. The lease agreements qualify as capital leases for accounting purposes and, therefore have been recorded at the present value of the future minimum lease payments as of the inception date. The future minimum lease obligations and the net present value is as follows:

Year Ended June 30	Health Department	÷	EDC		
2005 2006	\$ 33,699 30,550	\$	24,408 13,753		
Total Minimum Lease Payments Less: Amount Representing	64,249		38,161		
Interest	(4,107))	(3,140)		
Present Value	\$ 60,142	<u>\$</u>	35,021		

Additionally, the County has executed several cancelable operating leases on a month-to-month basis.

NOTE 8 - LONG-TERM DEBT

The government issues bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. County contractual agreements and installment purchase agreements are also general obligations of the government. Special assessment bonds provide for capital improvements that benefit specific properties, and will be repaid from amount levied against those properties benefited from the construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the government is obligated to provide resources to cover the deficiency until other resources (such as tax sale proceeds or a re-assessment of the district) are received. Revenue bonds involve a pledge of specific income derived from the acquired or constructed assets to pay debt service.

Compensated Absences - County General Employees

The county's employment policies provide for vacation benefits to be earned in varying amounts depending on the employee's years of service.

The annual vacation benefits earned by each employee during the current year are credited to the employee at year end. The accumulated sick leave earned by each employee during the current year is credited to each employee at year end that has three or more years of service. Non union employees do not receive compensation for sick leave upon retirement or leaving employment.

A summary of accrued compensated absences at December 31, 2004 is as follows:

Vacation Sick Leave	\$	204,714 333,350
Compensation Time		2,975
TOTALS	\$	541,039

NOTE 9 - SEGMENT INFORMATION:

Segment information for the year ended December 31, is as follows:

	Economic <u>Development</u>		
Operating revenue	\$	1,486,187	
Depreciation		1,037,005	
Operating income (loss)		(927,680)	
Net income		487,441	
Total assets		20,645,563	
Net working capital		298,795	
Total equity		19,776,345	

NOTE 10 - RISK MANAGEMENT

The County is exposed to various risks of loss related to property loss, torts, errors and omissions and employee injuries (workers' compensation), as well as medical benefits provide to employees. The County has purchased commercial insurance for claims and participates a risk pool for claims relating to the County is uninsured for claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Michigan Municipal Risk Management Authority risk pool program operates as a claims servicing pool for amounts up to member retention limits, and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority, that the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the County.

The County estimates the liability for claims that have been incurred through the end of the fiscal year, including claims that have been reported as well as those that have not yet been reported. Changes in the estimated liability for the past two fiscal years were not available.

NOTE 11 - CONTINGENT LIABILITIES

The County has received significant financial assistance from state and federal agencies in the form of various grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreement and is subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the applicable fund of the County. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the County at December 31, 2004.

Notes to Financial Statements December 31, 2004

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS

The County provides post retirement hospitalization to employees of the government pursuant to the terms of union contracts. Additionally, some elected County officials who served more than 20 years and are retired receive post retirement hospitalization, pursuant to Board of Commissioner's resolution.

The County funds between 0% and 100% of the premiums of the policies on a pay-as-you-go basis depending on the contract. During 2004, the County paid hospitalization premiums for 35 qualified individuals. At December 31, 2004, the County contributed \$256,674 towards hospitalization insurance

NOTE 13 - EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS

Description of Plan and Plan Assets

The County is in an agent multiple-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS). The system provides the following provisions: normal retirement, deferred retirement and service retirement to plan members and their beneficiaries. The service requirement is computed using credited service at the time of termination of membership multiplies by the sum of 2.0 percent times the final compensation (FAC). The most recent period of which actuarial data was available was for the fiscal year ended December 31, 2003.

MERS was organized pursuant to Section 12A of Act #156, Public Acts of 1851 (MSA 5.333 (a); MCLA 46.12 (a), as amended, State of Michigan. MERS is regulated under Act No. 427 of Public Acts of 1984, sections of which have been approved by the State Pension Commission. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the MERS at 447 North Canal Street, Lansing, Michigan 48917-9755.

Funding Policy

The obligation to contribute to and maintain the system for these employees was established by negotiation with the County's competitive bargaining unit and personnel policy, which require employee to contribute to the plan. The County is required to contribute at an actuarially determined rate.

The contribution rate as a percentage of payroll at December 31, 2004 is as follows:

General – Other	11.88%
Sheriff	13.02%
Health Department	5.13%
Employment, Training	6.91%
General - Economic	8.28%
Economic Officials	7,56%

NOTE 13 - EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS (Continued)

Annual Pension Cost

During the fiscal year ended December 31, 2004, the County's contributions totaling \$502,622 were made in accordance with contribution requirement determined by an actuarial valuation of the plan as of December 31, 2002. The employer contribution rate has been determined based on the entry age normal funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his projected benefit. Significant actuarial assumptions used include a long-term investment yield rate of 8 percent and annual salary increases of 4.5 percent based on an age-related scale to reflect merit, longevity, and promotional salary increases. The unfunded actuarial liability is amortized as a level percent of payroll on a closed basis. The remaining amortization period is 30 years.

Three year trend information as of December 31, follows:

	 2001	_	2002	 2003

ROAD COMMISSION

The Road Commission has an agent, single-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS), administered by the State of Michigan. The system provides the following provisions: normal retirement, deferred retirement and service retirement to plan members and their beneficiaries. The service requirement is computed using credited service at the time of termination of membership multiplied by the sum of 2.25 percent times the final compensation (FAC), with a maximum benefit of 80% FAC. The most recent period of which actuarial data was available was for the fiscal year ended December 31, 2003.

Notes to Financial Statements
December 31, 2004

NOTE 13 - EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS (Continued)

MERS was organized pursuant to Section 12A of Act #156, Public Acts of 1851 (MSA 5.333 (a); MCLA 46.12 (a), as amended, State of Michigan. MERS is regulated under Act No. 427 of Public Acts of 1984, sections of which have been approved by the State Pension Commission. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the MERS at 447 North Canal Street, Lansing, Michigan 48917-9755.

Funding Policy

The obligation to contribute to and maintain the system for these employees was established by negotiation with the Road Commission's competitive bargaining unit and personnel policy, which require employees to contribute 0% to 10% to the plan. The Road Commission is required to contribute at an actuarially determined rate. The contribution rate as a percentage of payroll at December 31, 2003 is as follows:

General 12.66%

Annual Pension Cost (Road Commission)

During the fiscal year ended December 31, 2004, the Commission's contributions totaling \$232,026 were made in accordance with contribution requirements determined by an actuarial valuation of the plan as of December 31, 2002. The employer contribution rate has been determined based on the entry age normal cost funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to amortize the unfunded actuarial accrued liability over 30 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his projected benefit. Significant actuarial assumptions used include a long-term investment yield rate of 8 percent and annual salary increases of 4.5 percent based on an age-related scale to reflect merit, longevity, and promotional salary increases. The unfunded actuarial liability is amortized as level percent of payroll on a closed basis. The remaining amortization period is 30 years.

NOTE 13 - EMPLOYEE RETIREMENT AND BENEFIT SYSTEMS (Continued)

Covered Payroll	59%	85%	96%

NOTE 14 - DEFERRED COMPENSATION PLAN

Chippewa County offers all employees a deferred compensation plan created in accordance with the Internal Revenue Code, Section 457. The assets of the plans were held in trust, (custodial account or annuity contract) as described in IRC Section 457 (g) for the exclusive benefit of the participants (employees) and their beneficiaries. The custodian thereof of the exclusive benefit of the participants holds the custodial account for the beneficiaries of this Section 457 plan, and the assets may not be diverted to any other use. The Administrators are agents of the employer for purposes of providing direction to the custodian of the custodial account from time to time for the investment of the funds held in the account, transfer of assets to or from the account and all other matters. In accordance with the provisions of GASB Statement 32, plan balances and activities are not reflected in Chippewa County's financial Statements.

NOTE 15 - PRIOR PERIOD ADJUSTMENT:

In the previous year, the governmental unit reported capital assets and accumulated depreciation utilizing an accelerated method of depreciation and estimated costs. The amount invested in capital assets has been restated to conform with U.S. generally accepted accounting principles as follows: Increase in net assets \$2,194,351. Beginning net assets were restated to \$4,481,762 from previously reported amount of \$2,287,411.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board County of Chippewa, Michigan Sault Ste. Marie, MI 49783

We have audited the financial statements of the County of Chippewa, Michigan, as of and for the year ended December 31, 2004, and have issued our report thereon, dated February 18, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Chippewa County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over the financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment could adversely affect Chippewa County's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and responses as items 04-1, 04-2, and 04-3.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider item 04-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Chippewa County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item 04-4.

This report is intended solely for the information and use of the Board of Commissioners, audit committee, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Members of the Board County of Chippewa, Michigan 319 Court Street Sault Ste. Marie, MI 49783

Compliance

We have audited the compliance of the County of Chippewa, Michigan with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2004. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, Chippewa County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the twelve months ended December 31, 2004.

Internal Control Over Compliance

The management of Chippewa County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Commissioners, audit committee, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2004

NOTE A - BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County of Chippewa, Michigan and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B - SUBRECIPIENT GRANTEE:

Of the federal expenditures presented in the schedule, the County provided federal awards to subrecipients as follows:

Program Title	Subrecipient	Federal CFDA <u>Number</u>	Amount Provided To Subrecipients
CDBG-Housing Grant	Community Action Human Resource Authority	14.228	<u>\$ 148,912</u>

NOTE C - MDOT ADMINISTRATION:

The Highway Planning and Construction Grants (Chippewa County Road Commission) and Airport Improvement Grants (Chippewa County Economic Development Corporation) include various projects. Accordingly, the federal expenditures recognized on each negotiated project do not necessarily relate to the County's actual costs for that project. Contracted projects are administered by MDOT which monitors the applicable compliance requirements of those projects.

NOTE D - RECONCILIATION TO COMBINED STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCE:

The following is a reconciliation of the amounts reported on the basic financial statements to the Schedule of Expenditures of Federal Awards:

Total Federal per Combined Financial Statements	
Revenues – Primary Government	\$ 727,651
Federal Grants of Component Unit	687,071
Federal Grants classified to state and other revenues	 2,117,749
Total Federal Revenue Recognized per Schedule of	
Expenditures of Federal Awards	\$ 3,532,471

Schedule of Findings and Questioned Costs For the Year Ended December 31, 2004

Section II - Financial Statement Findings

Material Weakness - Internal Control

04-1 General Ledger Reconciliation

Statement of Condition/Criteria: Several accounts listed on the County's General Ledger for some funds were not reconciled to supporting detail resulting in several balances which were misstated or did not exist. Several accounting standards and Treasury bulletins require reconcilement of ledgers to supporting detail.

Effect: Trial balance and financial statement amounts were misstated.

Cause of Condition: Failure to reconcile supporting ledgers and other documents and post adjusting journal entries to the general ledger due to a lack of time or training.

Recommendation: The County should begin reconciling supporting detail such as bank reconciliations, payroll spreadsheets, accounts receivable/payable listings, grant requests and other documents to the general ledger. Adjusting journal entries should be prepared, approved and posted to present accurate account balances for the reporting period.

Status: Personnel have been instructed by the auditors regarding proper posting and adjusting procedures.

Reportable Conditions - Internal Control

04-2 Jail Inmate Trust Bank Reconcilement

Statement of Condition/Criteria: The Jail Inmate trust bank account was reconciled to the bank statement through September 2004 at year end. The remaining bank reconciliations were provided after year end. Bank reconciliations were not reconciled on a timely basis and were not always reconciled to individual inmate balances.

Effect: Lack of reconciliation provides opportunities for inaccurate or unauthorized disbursements from the fund and inaccurate reporting of account activity.

Cause of Condition: Sufficient time does not seem to be provided to personnel to complete reconciliations on a timely basis.

Recommendation: The Board should provide oversight, training or assistance to personnel to assure bank reconciliations are performed on a timely basis and agreed to individual inmate accounts.

Schedule of Findings and Questioned Costs For the Year Ended December 31, 2004

Section II - Financial Statement Findings

Reportable Conditions - Internal Control (Continued)

04-3 Friend of the Court Trust Account

Statement of Condition/Criteria: Friend of the Court Trust Account has been reconciled for fiscal 2004, however, funds in the local account have not been transmitted to the State of Michigan as required by the Michigan Court Administration Reference Guide.

Effect: The County has retained \$11,967 in funds due to individuals for child support, alimony and other support payments for the last fiscal year and prior.

Cause of Condition: Sufficient time does not seem to be provided to personnel to complete reconcilisations on a timely basis. The State of Michigan has provided limited assistance in transferring and remitting of funds.

Recommendation: The Board should transmit the funds to the State of Michigan in accordance with Administrative guidelines and policies.

04-4 Expenditures in Excess of Appropriations and Special Revenue Fund not Budgeted

Statement of Condition/Criteria: Public Act 621 of 1978 requires that expenditures cannot be incurred until appropriated in accordance with the Uniform Budgeting and Accounting Act. During the fiscal year ended December 31, 2004, the County incurred expenditures in excess of amounts appropriated as follows.

(051,22) (965,88) (07,22) (126,1) (224,8) (126,1) (126,1) (126,1) (126,1) (126,1) (126,1)	980,155,2 980,131,086 986,892 986,892 986,892 986,892 986,892 986,892 986,892 986,892 986,892 986,882	- 0 0 0 0 7 - 6 -	000,25 900,25 88,255 27,11 02 22,11	Public Safety Other Capital Outlay Special Revenue Funds: Office of Emergency Services Correctional Facility Maintenance Hazardous Waste Facility Chippewa County Recycling Law Enforcement Training Local Corrections Officers Training Road Patrol Overtime Funding Source Sheriff Special Project Sheriff Special Project Chippewa County FIA Appropriations

The Revenue Sharing Reserve Fund did not have an approved budget.

Schedule of Findings and Questioned Costs For the Year Ended December 31, 2004

Section II - Financial Statement Findings

Reportable Conditions - Internal Control (Continued)

Effect: The County has not complied with various State Statutes.

Cause of Condition: Sufficient time does not seem to be provided to personnel to complete required budget amendments and appropriate board actions prior to disbursement and payment of claims.

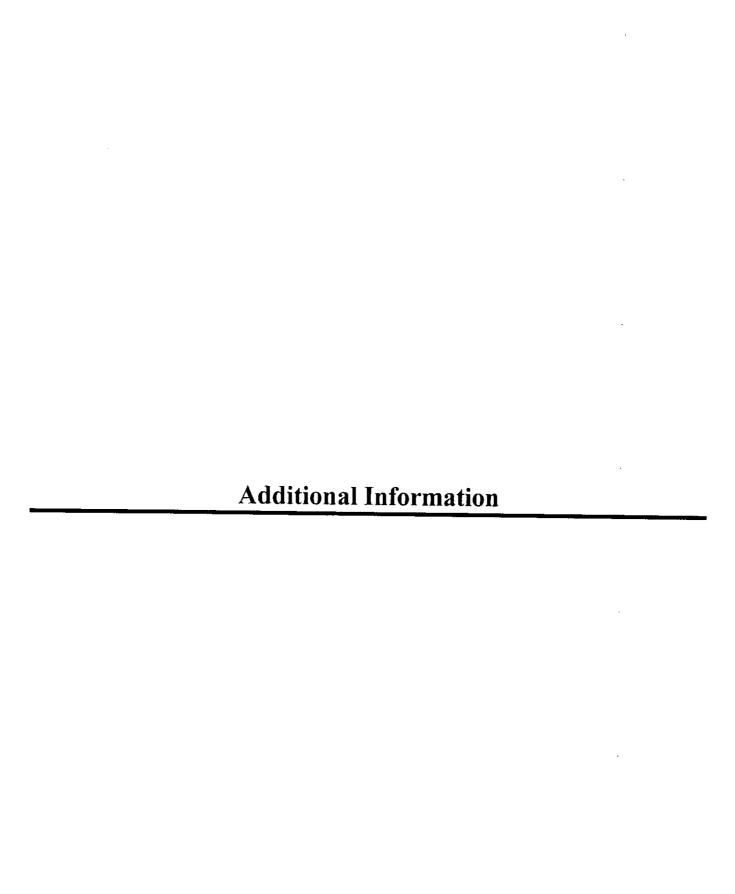

Recommendation: The Board should provide sufficient time, training or additional personnel to complete this function.

Status: Several budget amendments were approved after year end.

INDEPENDENT AUDITORS' REPORT ON ADDITIONAL INFORMATION

To the Honorable Chairman and Members of the Board of Directors Chippewa County Sault Ste. Marie, Michigan

Our report on our audit of the basic financial statements of County of Chippewa, Michigan, as of and for the year ended December 31, 2004, appears on page 1. That audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional information listed on the following pages regarding the municipal securities disclosure requirements of the Securities Exchange Commission (SEC) Rule 15c2-12 is presented for purposes of additional analysis and is not a required part of the basic financial statements, and accordingly, we express no opinion on it.

G. Highest and Lowest Tax Rates:

The highest and lowest tax rates for homestead and non-homestead properties within the County for its fiscal year ending December 31, 2003:

Tax Rate elim 1744.71 slim 1744.25	<u>Municipality</u> White Township qidsuwoT əyidW	7 27.9914 mils slim \$159.52	Municipality Sault Ste. Marie Sault Ste. Marie	Classification Homestead* Non-Homestead
ix Kate	I ISOMOT	ax Rate	TizədgiH	Property

Homestead means a dwelling or unit in a multiple-unit dwelling subject to ad valorem property taxes that is owned and occupied as a principal residence by the owner of the dwelling or unit. Homestead includes all unoccupied property classified as repricultural adjacent and contiguous to the poracion if the gross receipts of the agricultural or horticultural operations, if any, exceed the household income of the owner. If the gross receipts of the agricultural or horticultural operations do not exceed the household income of the owner, the homestead includes only 5 acres adjacent and registered under the living care disclosure act, Act No. 440 of the Public Acts of 1976, being sections 554.801 to 554.844 to the Michigan Compiled Laws. Homestead also includes property owned by a cooperative housing corporation and occupied as a principal residence by tenant stockholders. Mon-Homestead is property over the included in the above definition.

O. Future Financing:

Not Anticipated.

P. Vacation and Sick Leave:

Employees earn varying amounts of annual vacation and sick leave based on number of years of service up to a maximum and on the various labor union contract terms and administration policies of the different County operating units. Vacation is accumulated and taken annually. Sick leave can accumulate up to 168 hours. In addition, each year sheriff employees are given 96 days of sick time for jail employees and 64 days sick time for road patrol employees with 100 percent vesting after three years of service for the Sheriff's department only. At December 31, 2004, the accumulated unpaid compensated absences amount to \$541,039.

Additional Information - Unaudited December 31, 2004

NOTE 2 - TABLES: (Continued)

Q. Pension Plan:

All full-time employees of the County are participants in a defined benefit plan administered by the Michigan Municipal Employees Retirement System. The County's contribution to the plan, expressed as a percentage of active member payroll, covers current service costs, unrealized investment income on unfunded accrued liabilities (prior service costs) and the amortization of unfunded accrued liabilities over a 30 year period. Employees of the County contribute 2% of their gross wages. Actuarial assumption are subject to periodic change.

December 31	Net Assets	Actuarial	Assets as a Percent
